

Dental Emergencies

Your child is important to us and we understand a dental emergency can happen any time of the day and this is a concern for our parents. If your child is having a problem, we ask you call us at 360-675-7573. When we are in the clinic, we will schedule them to be seen at a time you can bring them in to the office. After hours, Dr. Hartman and Dr. Bob are on call and we are glad to see your child. Please call our office at 360-675-7573 and you will get our recording with our emergency contact numbers, as we are available 24 hours a day to take care of your child's dental emergency.
